# ALL GUTS NO GLORY

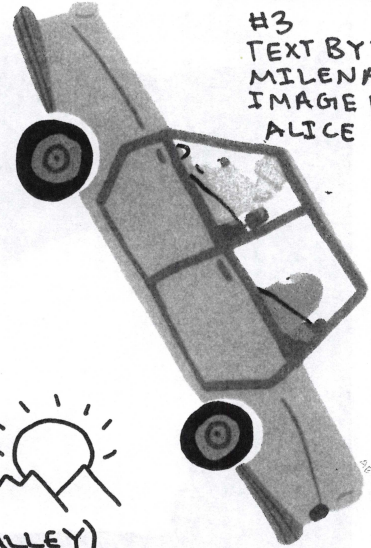

## GOTH BITCH CHOKE ME!

with the bile rising in my throat, predecessor  
to that which chokes me, predecessor to that which  
curls its fingers around precocious throat

## 6 <sup>PRETTY GOOD</sup> DAYTRIPS (THAT ARENT TOOO FAR FROM THE VALLEY)

### Angeles National Forest

for the trees.  
a soundtrack for those curvy roads: Shame, by Petal

### The Getty

you have to take the 405,  
so def plan for at least  
a two hour commute each way. godspeed.  
open up with: Lemonade by Beyoncé

### Palm Springs/Joshua Tree

this can be a lot,  
though once you get past the traffic on the 210,  
you're allll good.  
I know it sounds odd but I recommend  
the America's Best Value on Twenty-Nine Palms Highway,  
all the suites are themed.  
an album for off-roading: Bass Drum of Death's self-titled.

### MAGIC MOUNTAIN

but you should go, and report back.  
awful drive, great album: I Went Swimming Alone by Warm Thoughts

### Farm Sanctuary in Acton

you need to watch an iffy propaganda film  
before they let you pet the animals,  
but like, go get em kid.  
live out yr cowpoke dreams with: Golden Hour by Kasey Musgraves. (yee yee)

### Solvang

see how many giant wooden shoes you can find,  
and if you're feeling winded,  
drive up a ways to the Madonna Inn.
