NO COPS AT PRIDE!

You should know this by now!

by MILENA BEE

You should know this by now! I don't care who your dad is. Tell your cousin he's a sell out and then uninvite him. No! Cops! At! Pride!

FRIED N' FLYIN

The AGNG STAFF reviews RED BULL

"Beach Breeze"

Tastes like the foam that birthed Aphrodite. Distinctively sandy and lives up to its breezy name. Best served cold but easily withstands a day.

Would snap back at noon anytime. Gives you sea wings, obviously.

"Coconut Berry"

Like dousing Captain Crunch Berries cereal in slimy coconut water for a couple of hours before straining and carbonating.

Will give you wings, but we're not sure if you'll come back from this one....

HOME DEPOT IN THE STREETS, HOMO DEPOT IM THE SHEETS

By The AGNG EDITORIAL STAFF

Lately we at AGNG have been all about carabiners and shiny metal and keychains. Carabiners are a lesbian signal and a working class staple so I try to respect that by hanging them off my bag and not my jeans.

Plus I have sensory issues and deep down cannot tolerate jingling keys.

God help me if you find me in the home depot, looking at fasteners.

Salty released an article on how to get kinky using only a trip to the hardware store, and it's well worth your time.

Me, I'm trying to stim with some large metal chain links while I'm sitting on the metro gold line at 11pm.

Call me Gogo Yubari, even my cowboy Chelsea boots have chains on them. Clang clang. This better be the new gay coding.

I want to go out and pick someone up in the garden section because we're both cooing over the same kalanchoe.

This is the utopian future I've been dreaming of.
